They're at it again with more in the Taken by a Trillionaire series. Ruth Cardello, JS Scott, and Melody Anne come together for another royal novella trilogy. This is the first novella of a three novella set. Check the dates below for release dates on the second and third novella.

Escape with three new princes as only these NYT's bestselling authors could write them.

Virgin for the Trillionaire: Ruth Cardello (April 25, 2017)

Virgin for the Prince: J.S. Scott (June 6, 2017)

Virgin to Conquer: Melody Anne (July 3, 2017)

The wild ride begins with Virgin for the Trillionaire:

Prince Ballasare Stephan Demande needs a bride before his thirtieth birthday or he'll lose his crown. Unlike their barbarian twin island, Rubare Virginia's royal family is above kidnapping and murdering as a means of choosing their queens. Historically, they've cultivated their own selection, ensuring the purity and perfection of each. Prince Ballasare wants more, so he comes up with a plan. It's genius really. He invites three hundred of the most beautiful and intelligent virgins from around the world to his island under the guise of attending a conference. Those who are willing to stay and participate in a series of tests are offered a chance to win one million dollars. He can only imagine the joy that the woman he chooses will feel when she discovers he and his title are the real prize.

Jessica Quincy is at a crossroads career wise. She hadn't expected anyone to actually read her blog posts about her lonely life. She certainly hadn't expected Virgin Territory to go viral. But who can stay a virgin forever? And what does a woman do when she's no longer what she's made a career out of writing about? She takes a risk, that's what. Jessica attends a conference that promises to end with one participant winning a million dollars. Any ex-virgin could start over with that kind of money.

She makes him laugh.

He scares, infuriates, and totally turns her on.

Unfortunately, on Rubare Virginia, being chosen by a sexy prince can have deadly consequences if you haven't updated your blog.

Like the first novella trilogy, Taken by a Trillionaire, these novellas are escapism fantasy. If you are looking for a historically accurate representation of a monarchy or a serious...
