NEW YORK TIMES BESTSELLER

"A riveting book."—The Wall Street Journal

"Essential reading."—David Brooks, New York Times

From a former marine and Yale Law School graduate, a powerful account of growing up in a poor Rust Belt town that offers a broader, probing look at the struggles of America's white working class

Hillbilly Elegy is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The decline of this group, a demographic of our country that has been slowly disintegrating over forty years, has been reported on with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck.

The Vance family story begins hopefully in postwar America. J. D.'s grandparents were "dirt poor and in love," and moved north from Kentucky's Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually their grandchild (the author) would graduate from Yale Law School, a conventional marker of their success in achieving generational upward mobility.

But as the family saga of Hillbilly Elegy plays out, we learn that this is only the short, superficial version. Vance's grandparents, aunt, uncle, sister, and, most of all, his mother, struggled profoundly with the demands of their new middle-class life, and were never able to fully escape the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. Vance piercingly shows how he himself still carries around the demons of their chaotic family history.

A deeply moving memoir with its share of humor and vividly colorful figures, Hillbilly Elegy is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this country....

[PDF | ePub | MOBI] **Overwhelmed Author Brigid Schulte**

Can working parents in America—or anywhere—ever find true leisure time? According to the Leisure Studies Department at the University of Iowa, true leisure is "that place in which we realize our humanity." If that's true, argues Brigid Schulte, then we're doing dangerously little realizing of our humanity. In *Overwhelmed*, Schulte, a staff writer for...

[PDF | ePub | MOBI] **Triumph of the City Author Edward Glaeser**

A pioneering urban economist presents a myth-shattering look at the majesty and greatness of cities. America is an urban nation, yet cities get a bad rap: they're dirty, poor, unhealthy, environmentally unfriendly . . . or are they? In this revelatory book, Edward Glaeser, a leading urban economist, declares that cities are actually the healthiest,...

[PDF | ePub | MOBI] **The Triple Package Author Amy Chua & Jed Rubenfeld**

"That certain groups do much better in America than others — as measured by income, occupational status, test scores, and so on — is difficult to talk about. In large part this is because the topic feels racially charged. The irony is that the facts actually debunk racial stereotypes. There are black and Hispanic subgroups in the United States far outperforming...
