

Fooled by Randomness

Author : Nassim Nicholas Taleb

Free Book Downloads : Fooled by Randomness (PDF, ePub, Mobi) By Nassim Nicholas Taleb

***Fooled by Randomness* is a standalone book in Nassim Nicholas Taleb's landmark Incerto series, an investigation of opacity, luck, uncertainty, probability, human error, risk, and decision-making in a world we don't understand. The other books in the series are *The Black Swan*, *Antifragile*, and *The Bed of Procrustes*.**

"[Taleb is] Wall Street's principal dissident. . . . [Fooled By Randomness] is to conventional Wall Street wisdom approximately what Martin Luther's ninety-nine theses were to the Catholic Church."
-**Malcolm Gladwell, *The New Yorker***

Finally in paperback, the word-of-mouth sensation that will change the way you think about the markets and the world. This book is about luck: more precisely how we perceive luck in our personal and professional experiences.

Set against the backdrop of the most conspicuous forum in which luck is mistaken for skill—the world of business—**Fooled by Randomness** is an irreverent, iconoclastic, eye-opening, and endlessly entertaining exploration of one of the least understood forces in all of our lives.

From the Trade Paperback edition....

“There are a few investment managers, of course, who are very good – though in the short run, it’s difficult to determine whether a great record is due to luck or talent. Most advisors, however, are far better at generating high fees than they are at generating high returns. In truth, their core competence is salesmanship. Rather than listen to their...
